The Commerce Association organised a seminar on Goods and Services Tax (GST) on 3<sup>rd</sup> September, 2015. The Chief Speaker for this Seminar was Prof. Shrawan Kumar Singh, Former Director, School of Social Sciences, IGNOU.

He explained to the students that GST would be a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India, to replace taxes levied by the central and state governments. He highlighted the benefits of GST to the audience. He said from the consumer point of view, the biggest advantage would be in terms of a reduction in the

overall tax burden on goods, which is currently estimated at 25%-30%, free movement of goods from one state to another without stopping at state borders for hours for payment of state tax or entry tax and reduction in paperwork to a large extent.

The faculty and students were delighted to listen to him. There was an endless list of questions regarding GST. Prof. Singh very patiently answered a lot of them and really enlightened the audience.

美好, seminar!!

2015
