**IN COLLABORATION WITH MAA RATNI**  
**Anti Polythene Awareness Drive**  
**(8-11-2016)**

If we want to move towards a low-polluting, sustainable society, we need to get consumers to think about their purchases. Taking the motive into account, all the Participating Institutes (PIs) worked in their adopted village for cleanliness drive. Maintaining cleanliness is essential for healthy living because it helps to improve our life style by keeping clean internally and externally.

NSS unit of Shyam Lal College in collaboration with Maa Ratni take this campaign by spreading awareness regarding the use of polythene bag awareness drive in Shahdara Sabji Mandi. 50 students of NSS unit from Shyam Lal College started the day by interacting with sellers and buyers in Shahdara Sabji Mandi. The team made them aware about the adverse effects of plastic for environment. Apart from this, the students and the faculty members had promised us to keep our campus plastic-free and encourage their families to go plastic-free as well. Cloth bags were distributed to each students instead of plastic bags when they go out to buy something
