

**Course Name: Diploma in Spanish
2020-21**

Curriculum:

Date : 4 Jan 2021

Spanish Diploma is pursued after achieving Certificate in Spanish. In certain cases, students are admitted to the course post entrance exam and/or interview organized by the college. A large part of language in Diploma is about learning to talk in past as well as expressing probability using subjunctive mood. It is imperative that candidates have a Certificate or an A2 level to be able to take admission in Diploma course.

The purpose of this course is to further acquaint the candidate with language and culture of the Hispanic nations. By the end of the session, s/he is capable of communicating with native speakers and presenting arguments on a variety of topics. On the successful completion of Diploma in Spanish, the candidate is eligible to pursue Advanced Diploma offered by different colleges in Delhi University and other universities in India.

The primary material used in the classroom for Spanish Diploma is the book 'Español Sin Fronteras (ESF 2)'. Apart from this book, the teacher offers additional practice material from time to time to help students with their grammar and listening skills. The students are expected to attend the classes regularly to cope up with the developments in the classroom. Skits and other activities are also organized to help the learners communicate in Spanish. The CD that accompanies the book and exercises based on it are additional aids for the students that help them improve their accent and other aspects of the language. Active participation and keen interest in the course are some of the qualities that are required by the students in the classroom.

An examination takes place at the end of the course in the month of May as a final test of linguistic ability in Spanish language. It is divided into Grammar, Writing and Oral Expression carrying 100 marks each. The exams are seen as a proof of language proficiency, on clearing which the student is given a Diploma that enables her/him to compete in the job market or seek admission in Advanced level. In addition to the final exam, tests are taken periodically by the teacher during the session. The students are also made to write assignments. The class tests and assignments are organized to ensure the development of Spanish language skills in the candidate.

13 students enrolled in this course.
