

Eco-club (the_last_leaf) Shyam Lal College
Report on Visit to NGO

In Collaboration with
Department of Environment, Government of India

Eco-club of SLC in collaboration with the Department of Environment, Government of India undertook an initiative to help and create happiness and Joy among the underprivileged students. Jointly an event was organized named “**Street light.**” As a part of this initiative they collected old clothes, stationary, food items etc. in college campus and on 20th Feb 2019. With the help of an NGO- 'Titliyan' in Noida, volunteers met small or young children who have lost their parents or had parents who could not afford to bring them up and got an insight into what exactly happens at an NGO. They also distributed Stationary materials, clothes and some edible material like chocolates, biscuits, toffees and other stuff which they collected during the drive. This particular initiative exposed the volunteers to the harsh life such children have to live through. Their interaction with the poor or parentless children enhanced their resolve to continue working for their cause in future as well. Such young children living the life of destitute need much attention from the society. Student volunteers’ exposure to such conditions that exist in our society and nation makes them stay rooted to the society and contribute their bit to improve their status. Total 10 students participated in this visit.
