Rally on Water Conservation & Cleanliness
13th August 2019

Water is the basis of life. Humans need clean water for everyday activities. Animals need water for their living. Our Rivers are lifelines of which water level depleting year- after-year due to human negligence. These Rivers are DYING! On 2nd October 2014, Swachh Bharat Mission was launched

throughout India as a national movement. All citizens were made aware about the aim to achieve the vision of a 'Clean India'.

A rally on water conservation and cleanliness was organized by National Service Scheme (NSS) of SLC (University of Delhi) in collaboration with Sparsh Ganga on 13th August 2019 in the

college premises to make people aware of the essence of water and the need to give emphasis on its conservation and cleanliness. More than 30 students participate in this event. During the rally, people were made aware of their responsibility towards their nation by indulging themselves actively in ways to save water and keep their surrounding clean. 'Save water,

'Save Life' message was spread by students of Shyam Lal college to make everyone aware about the need for this in current time when such resources provided by nature are continuously dwindling due to human activities.

During Rally, students interacted with people to educate them about the importance of preserving and keeping local water bodies clean and avoid wastage of water. They also motivated them for plantation of tree throughout their life in order to save water and also, get cleaner air. Students were holding 'Save Water, Save Trees' slogan written Banners, Posters, Pamphlets to disseminate the information. Also, people were made aware about the need for keeping our surroundings clean to improve our vicinity and health. Equally important is the need for proper disposal of waste by segregating wet and dry waste to be disposed separately. The campaign was a great success in the way that everyone helped in cleaning the premises and taking pledge not to throw away disposables outside dustbins and keeping their workstation clean.
