**SLC PLACEMENT  
CELL PSYCHOMETRIC  
TEST SERIES Sep 13, 2018  
REPORT**

The Placement Cell of SLC organized a Psychometric test series in collaboration with Times of India in the College campus on 13<sup>th</sup> September, 2018. The event was a great success as around 60 students participated and heavily benefitted from the drive. The purpose of the test was to assess the hidden capabilities of the participants and they indeed got an opportunity to uncover certain aspects of their personality which they were unaware of.

In today's competitive world, where the aspirants have to face cut-throat competition and have to prove their mettle, securing well in Psychometric test can help them build the first impression and gain confidence to take up further steps. Acknowledging the need and importance of the same, the Placement Cell took the pioneer step of organizing the test series. Psychometric tests are assessment tools used to objectively measure an individual's personality traits, aptitude, intelligence, abilities and behavioral style. Such assessments are widely used in career guidance and employment to match a person's abilities and personality to a suitable career or role. A psychometric test is designed to measure cognitive ability and indicates the potential of a candidate to excel in a specific position or career. Psychometric testing takes various forms (numerical, mechanical, logical, verbal, etc) and are intended to streamline the recruitment process and reveal top applicants efficiently. The ease with which such tests may be conducted and the efficiency they bring along in the entire recruitment process makes them a hot favorite for the recruiters. Thus, mastering the skill of attempting and succeeding in the psychometric test was recognized as the need of the hour. The initiative of The Placement Cell was applauded by our Respected Principal Sir, Dr. Rabi Narayan Kar, who called it as 'one-of-its-kind' initiative and appreciated the efforts of the entire Placement Cell team.

The day conclude with all the participants taking the test and learning from their experience. The results of the test were intimated to the students. The students were deeply benefitted from the entire exercise as they not only got a hands-on experience of the test but also got useful inputs for improvement. The event was
