All sessions were conducted under the able guidance of our visionary principal sir, prof. Rabi Narayan Kar. Each of the Sessions were initiated by convener - Dr Mukta Rohatgi along with the designated session co-ordinators. The Sessions were conducted in virtual mode. The participants were given brief introduction of the topic and thereafter, the speakers addressed participants in detail.

SDP Report

Day 1 – 1st September, 2021: Use of data analytics in business by Dr. Vipin Khurana:

He explained that Data analysis can help companies understand their customers better, evaluate their ad-campaigns, personalize content, create content strategies and develop products accordingly.

Day 2 – 3rd September, 2021: LinkedIn- A New normal to cultivate a strong virtual networking for future growth by Dr Vikas Arya:

The speaker emphasized that, if your network is filled with people you know personally, it is real and usable, and every connection has the potential to impact your professional life positively, whether that's with a job recommendation, an introduction or career advice.

Day 3 – 4th September, 2021: Political Economy of non tariff barriers in international trade by Dr Bipasha Choudhury:

The speaker explained that Non tariff barriers to trade are most pervasive when deteriorating macroeconomic conditions give rise to demands for protection by pressure groups

Day 4- 6th September, 2021: Research Writing - A business student's guide by Dr Rupali Khanna:

It was pointed that the research proposal is your chance to explain the significance of your project to organizations.

Day 5-7th September, 2021: Integrating spirituality in commerce and management by Prof. Sunita Singh Sengupta:

The presence and practice of spirituality in the workplace meets a variety of personal and professional business objectives, including meaningfulness of work, ethics and productivity.

Day 6 – 8th September, 2021: International taxation- Introduction, concepts and future opportunities by Md. Kashif Ansari:

Taxation has been the primary source of revenue for states across the world . He explained the taxation issues in detail with relevant examples.

Day 7 – 9th September, 2021: Significant cyber security challenges and solutions by Dr Sudipti Dhawan :

The key to effectively tackling cyber security challenges lies in the interplay of technological advancement, education and awareness.

Day 8 – 10th September, 2021: Power of intent : New age management tool by Mr Rohan Singal:

The New Age Management Program, specially crafted for future leaders to help develop essential leadership abilities like strategic

thinking, decision-making, problem-solving, and instincts needed to run a firm.

Day 9- 11th September, 2021: Crowd funding for social entrepreneurs in times of pandemic by Dr Renu Ghosh:

Crowd funding is an excellent way of supporting a wide variety of activities like disaster relief, support of artists by fans, political campaigns, Startup Company funding, free software development, inventions, scientific research and civic projects and so on.

Day 10 – 13th September, 2021: Design thinking and innovation - a modern approach by CA MadhuTotla:

Thinking like a designer brings together what is desirable from a human point of view with what technologically is feasible and economically viable. It also allows people who aren't trained as designers to use creative tools to address a vast range of challenges.

Day 11 – 14th September, 2021: Behavioral finance- A prelude by Dr Kanu Jain:

The Speaker opened the Session with introduction to behavioral finance and the impact of behavioral finance research in the market. She explained various terms in detail to make the relevant issues easy to understand. The anomalies of the financial markets and psychology of the investor were also elaborated with suitable examples.

Day 12- 15th September, 2021: Story telling in management- an emerging art and skill by Dr Seema Gupta:

Story telling as a means of managerial communication has been increasingly advocated, with focus on the management practices of leadership, change and organizational culture.

Day 13-16th September, 2021: Redefining Market ,by Dr Pushpendra:

He stressed on the need for redefining market including creating, communicating, delivering, and exchanging value. Value consists of the benefits an individual receives minus the price the consumer paid and the time and effort they expended making the purchase.

Day 14- 17 September, 2021: Paradigm shift in financial market through crypto currency by Dr Swaricha Johri :

With the recent advances in IT technology, the digital revolution is rapidly changing the paradigm of the entire financial industry. The transition of the financial industry into electronic finance, such as Internet Mobile banking, has changed the paradigm which is moving away from a traditional face-to-face model. The crypto currency is the new change as a result of these advancements.

Day 15 – 18th September, 2021: Challenges for management during pandemic by Dr Pradeep Kumar:

To ensure business continuity, it is essential for businesses to act as fast as possible to lessen any negative impact while preparing the organisation for future developments that may arise due to the COVID-19 outbreak. In order to centralise all efforts, organisations may wish to establish a core crisis team to coordinate response efforts and define objectives.

These Sessions were attended by all faculty members of Department of Commerce along with around 155 students. In the end of each Session, the Convener closed it with concluding remarks and vote of thanks to the Speaker.
