Then in the month of January 2021, Aakrosh conducted its Auditions for the session through online platforms and 23 students were selected in total and became a part of the

Aakrosh family. Offline sessions were also held with the new members of Aakrosh in February 2021, where various workshops and theatre related activities were organized by senior members. In March, 2021 Aakrosh got the opportunity to perform in the YAMUNA MAHOTSAV organized by Shyam Lal College Fine Arts Committee & IQAC for which the team was appreciated by the faculty of the college and the audience for its pioneering performance **on the emergent need of Yamuna conservation.**

The society is elated to have provided that platform to and work for the students of Shyam Lal College where they can grow and broaden their horizon through effective research on certain issues of society that need to be urgently addressed.
