

Centre for Skill Development

SEBI VISIT

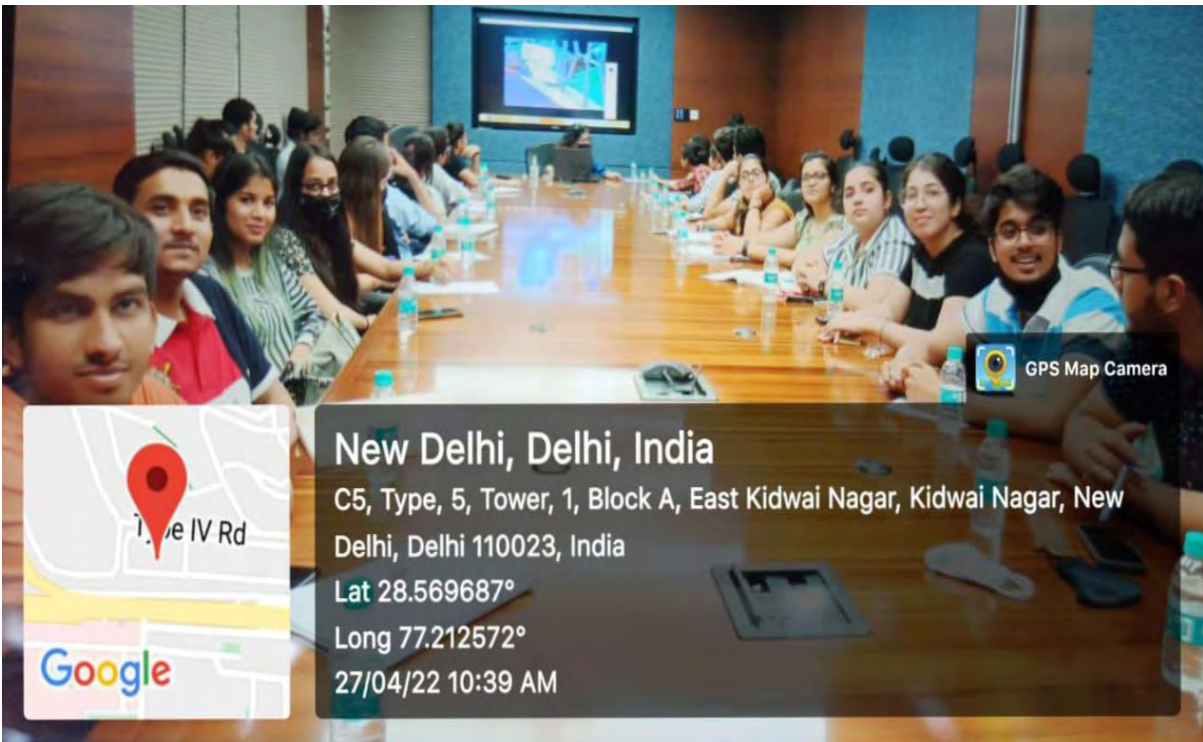

Center for Skill Development (CSD) organized an educational Visit to the **Securities and Exchange Board of India (SEBI)** on 27th April, 2022 in Collaboration with BSE Institute. The visit provided 35 students with the opportunity to see the work environment at SEBI and hence study outside of the classroom, which has not been made possible for the past two years owing to the pandemic situation.

The visit was led by Dr. Kavita Arora, Convenor, CSD and students from various courses and years got to be a part of this rare opportunity. At 9 a.m., all students were required to report at the Dilli Haat INA metro station, from where everyone started their journey to SEBI together. The team assembled in a seminar room after arriving at the SEBI office. Everyone took their seats, and a full-fledged presentation about how SEBI works was presented in front to provide everyone with all of the essential insights into what actually goes inside SEBI and its functioning.

Students got the chance to improve their abilities and have a better understanding of how SEBI operates in the country as a result of this visit. At the end of the presentation, light refreshments were also offered to everyone who was present there. Overall, it was a pleasant and enriching experience, particularly for those who are already taking the certificate course in stock market and wish to pursue a career in the same field.
