

Eco-club (the_last_leaf) Shyam Lal College
Report on Importance of Wetland and water
In collaboration with
Department of environment, Government of India

This year the theme of Earth Day was to “Restore our Earth” which focus not only on the need to reduce human impact on the planet but also take some measures to control the damage. In order to know the earth and its ecosystem we need to protect the earth to enhance people's livelihoods, counteract climate change, and stop the collapse of biodiversity. On the eve of “Earth Day” (21st April 2021) center for Eco-club members in collaboration with IQAC, SLC motivate students to engage in environmentally conscious practices and organized a poster making competition through Google-meet. Theme of the event was “Importance of wetlands and water”. The aim was to aware the youth about the need of hour how wetlands and water are essential part of our life and how we can take some measures to control damage to our planet. Almost 30 students participated in this competition from various schools/colleges of different parts of the country.

The image is a screenshot of a WhatsApp message. At the top, the status bar shows the time as 8:44, battery at 17%, and other icons. The message header shows 'You' and 'Today, 6:09 PM'.
