

**Eco-club (the\_last\_leaf) Shyam Lal College**  
*In collaboration with*  
**Department of Environment, Government of NCT, Delhi**

On December 7<sup>th</sup> 2023, our college conducted an awareness drive on air pollution as part of the Eco-Club's activities and the Azadi Ka Amrut Mahotsav, marking 75 years of independence. Recognizing the urgency of the environmental threat, a team of 10 students organized a campaign to educate youth about the causes and health effects of air pollution. Volunteers elucidated the harmful impacts of this silent killer through various activities, including classroom discussions, video presentations, and a poster-making session. Students from different streams actively engaged in understanding and addressing the issue. Adopting an artistic approach, they created posters and drawings that encapsulated the essence of imagination and free thinking on this societal concern. To ensure sustained commitment, all participants, including students from different streams, pledged to work towards mitigating the impacts of air pollution during online classes. This initiative underscored the immediate need for collective action to protect our environment and promote eco-friendly habits. The drive raised awareness and inspired individuals to take proactive measures to curb pollution.
