

The Eco-Club of SLC, in collaboration with the Department of Botany, organized a two-day workshop on April 15-16, 2025, on the topic "Sustainable Environment Strategies, Progress, Challenges, and Solutions 2025." The guest of honor, Mr. Adeel Khan, Programme Associate at the Council on Energy, Environment, and Water (CEEW), delivered a keynote address on "Environmental Policy and Air Quality Management in India." He shared his expertise on the current state of air quality in India, discussing the challenges and opportunities in implementing effective environmental policies. Mr. Khan also provided valuable insights into the solutions being explored to address India's environmental challenges, highlighting the importance of sustainable practices and community engagement.

Day 1: Workshop

The workshop saw enthusiastic participation from 47 students, who engaged in discussions and activities focused on sustainability. The guest speaker's address sparked a thought-provoking discussion on the role of individuals and communities in promoting environmental sustainability.

Day 2: Visit to School of Environmental Sciences Department and Laboratory at JNU

On the second day, 18 students participated in a visit to the environmental lab at Jawaharlal Nehru University (JNU). The visit provided hands-on experience with new techniques for analyzing samples using various techniques. Students gained valuable knowledge on tackling environmental issues and developed skills in sample analysis.

The workshop and lab visit achieved the following outcomes: Raised awareness about environmental sustainability among students and provided students with hands-on experience in environmental sample analysis. Fostered collaboration between the Department of Botany, Eco-Club, and CEEW encouraged students to think critically about environmental issues and develop innovative solutions
