

Quantum-2025

Fiz-iks Society

Department of Physics

The Fiz-iks Society of the Department of Physics, Shyam Lal College, successfully organized its annual physics festival, Quantum 2025, on **April 24-25, 2025**. The event was a testament to the society's commitment to fostering academic excellence and creativity among students.

Inaugural Ceremony and Keynote Lecture

The festival began with an inaugural ceremony, presided over by the esteemed Principal, **Prof. Rabi Narayan Kar** of Shyam Lal College. The event featured a distinguished lecture by **Prof. H. K. Malik** from IIT Delhi on the topic “**How to Create Charges and Use Them for Technology.**” His talk offered valuable insights and was well-received by the audience. Approximately 65 participants attended the lecture.

Day 1 Events

The first day of the festival featured a range of intellectually stimulating and creative events, including:

- **Rangoli Competition:** Students showcased their artistic skills through intricate rangoli designs.
- **Debate Competition:** Participants engaged in thought-provoking debates on scientific themes, demonstrating their critical thinking and argumentation skills.
- **Documentary Screening:** A documentary on Dr. A.P.J. Abdul Kalam's life and achievements inspired attendees with his remarkable journey.

Day 2 Events

The second day of the festival witnessed further enthusiasm, with activities such as:

- **Poster Presentations:** Students presented their research and ideas through engaging poster presentations.
- **Mythbuster Fun Tank:** An interactive session where scientific myths were challenged and debunked.
- **No One Got Talent:** A platform for participants to showcase their diverse talents.

Valedictory Ceremony

The festival concluded with a valedictory ceremony, honoured by the presence of the Principal **Prof. Narendra Singh** of Zakir Husain College. Certificates and trophies were awarded to the winners securing the first, second, and third positions across various competitions.

Conclusion

Quantum 2025 was a resounding success, combining academic excellence, creativity, and vibrant student participation. The Fiz-iks Society would like to extend its gratitude to all participants, judges, and guests who contributed to the festival's success.
