Comprehensive Event Report:

Shyam Lal College held a three-day workshop on "Data Driven Decisions: Business Analytics through Power BI and R" to emphasize the role of data analytics in career development. The event, attended by 40 academicians, students, research scholars, and experts, aimed to raise awareness about the use of software like R, Power BI, and Tableau. The workshop covered topics such as R basics, real-world applications, and advanced Excel functionalities. Prof. C.P. Gupta led the first session, covering R basics, installation, and usage. Prof. Mohnish Kumar discussed real-world applications, while Prof. Prabhat Mittal covered advanced Excel functionalities. Dr. Anil Goswami led a session on Tableau, emphasizing its features for creating dynamic dashboards. The workshop was a success, promoting learning in the technical world and benefiting research scholars in the future.
