ELFESTO'25

Report on Best Out of Waste

Date & Venue: 4th March 2025, Main Stage

COMMBLAZE – The Commerce Association of Shyam Lal College (University of Delhi) hosted its annual event "**ELFESTO'25**", which featured the Best Out-of-Waste Competition – Transforming Trash into Treasure.

The competition challenged participants to craft something innovative and productive using only waste materials, strictly prohibiting fresh supplies. This unique event aimed to promote sustainability and creativity, encouraging students to rethink the concept of waste by turning discarded materials into valuable creations.

Participants were given two hours to complete their projects, working individually to ensure fairness. They showcased remarkable ingenuity by repurposing everyday waste into functional and artistic items, emphasizing sustainability and resourcefulness.

Each entry was evaluated on creativity, utility, originality, and adherence to the theme. No plagiarism or pre-made projects were allowed, and participants diligently followed the event guidelines. The judges appreciated the effort, innovation, and eco-conscious mindset demonstrated in each piece.

After an extensive evaluation, the winners were announced:

1st Place – Yashi Jaiswal (Kamla Nehru College)

2nd Place – Lucky (Dr Bhim Rao Ambedkar College)

3rd Place – Ankit Prasad (Shyam Lal College)

The winners were awarded by the esteemed judges, and all participants received **certificates of recognition** of their dedication and effort.

The Best Out-of-Waste competition was a remarkable success, reinforcing the importance of sustainability and creativity in today's world. The event highlighted how waste materials can be transformed into meaningful and productive resources, inspiring students to adopt a more eco-friendly and innovative approach in their daily lives.

COMMBLAZE looks forward to organizing more such engaging events that blend creativity, sustainability, and practical learning, encouraging students to think outside the box and contribute towards a greener future.15 students participated in this event.
