# Poster Making Report

On September 04, 2023, Shyam Lal College successfully hosted an Inter-College Poster Making Event, centered around the theme of 'Women Led Development'. The event saw enthusiastic participation from students across various colleges, who showcased their artistic talents and innovative ideas through their posters.

Held in the Porch Area of the New Building, the event commenced at 9:30 AM. Participants brought their own colors, brushes, and other artistic tools, while the college provided A4 size sheets for the poster creation. This initiative aimed to highlight and celebrate the significant contributions and leadership of women in various fields.

Registrations were open until September 03, ensuring ample time for students to join this creative endeavor. The total number of registrations were 42. The event concluded with the announcement of the top three winners, who were awarded prizes for their outstanding work. Additionally, all participants received certificates of participation, acknowledging their effort and creativity.

The event not only provided a platform for students to express their views on women-led development but also encouraged them to think critically about gender equality and women's empowerment. The success of this event underscored the importance of art in driving social change and fostering community engagement.
