

# Report on World Environment Day

The Eco-Club (SLC) celebrated World Environment Day on June 5, 2025, with the theme "Ending Plastic Pollution" in collaboration with the Department of Environment, NCT of Delhi and Garden Committee (SLC). 70 students participated in this event, which featured several key initiatives. A plantation drive was conducted, and students also installed water pots for birds around the campus to provide relief during the hot summer months. Furthermore, as part of a "Best out of Waste" initiative, students created birdhouses to preserve bird habitats. They took the initiative to design and install these birdhouses on trees within the college campus, demonstrating their commitment to environmental conservation.
