

Aarodhya Western Dance Crew - NAAC Visit 2022

On December 19th, 2022, our society had the esteemed opportunity to showcase our talent during the NAAC Visit to our college. The NAAC (National Assessment and Accreditation Council) visit holds significant importance for colleges as it plays a crucial role in determining their rankings and overall accreditation status.

During the visit, the NAAC team meticulously evaluates various aspects of the college, including infrastructure, academic quality, faculty competence, student support services, and extracurricular activities. These assessments are instrumental in determining the college's ranking and accreditation, which in turn influences its reputation and standing in the academic community.

Our society played a pivotal role in contributing to the positive ranking of our college. Through our collective efforts and dedication,

we have consistently showcased our talent and creativity in our performances. Our contributions not only reflect the vibrant cultural landscape of our college but also demonstrate our commitment to excellence beyond academics.

During the NAAC visit, our society's performance was met with admiration and enthusiasm from all attendees, including the NAAC team members, college administrators, faculty, and fellow students. Our stellar performance not only entertained but also left a lasting impression, highlighting the cultural richness and vibrancy of our college community.
