

SLC (UNIVERSITY OF DELHI) **SHYAM LAL COLLEGE**

ENACTUS

Enactus at ANDC COLLEGE

On 24th February 2025, the Enactus team of Shyam Lal College participated in the annual fest organized by **Acharya Narendra Dev College** by setting up a dedicated stall to showcase its key projects — **Project Pawshaak**, **Project Sahajsmita**, and **Project Swarnkriti**. The aim of the stall was to spread awareness about our ongoing social initiatives, exhibit handmade products crafted under these projects, and encourage meaningful interactions with students from other institutions.

A group of dedicated Enactus volunteers arrived at the venue around **11:00 AM** and promptly began setting up the stall. The space was creatively decorated with posters, banners, and displays highlighting the mission and impact of each project. Products from the three projects — including handmade accessories, sustainable crafts, and dog-friendly items — were arranged for display and sale, drawing the attention of fest attendees throughout the day.

To secure the stall space, a registration fee of **₹300** was paid to the host college. During the event, through active engagement and product sales, our team managed to earn **₹600**, reflecting both the appeal of our products and the public's interest in socially-driven initiatives. The team also engaged with many students who expressed genuine interest in volunteering, collaborating, or learning more about our work.

The event provided an excellent platform for Enactus SLC to **promote social entrepreneurship**, connect with like-minded individuals, and strengthen its presence within the Enactus India network. It was a rewarding experience that not only brought in modest revenue but also contributed significantly to the outreach and visibility of our projects.
