

SLC (UNIVERSITY OF DELHI) **SHYAM LAL COLLEGE**

ENACTUS

Enactus at BVCOE

On 16th October 2025, *Enactus Shyam Lal College* had the opportunity to showcase its social entrepreneurship initiatives at **Bharatiya Vidyapeeth College of Engineering**. The stall was set up as part of an inter-college event aimed at promoting sustainability, innovation, and community-driven projects. The purpose of our stall was to introduce our ongoing projects—**Project Pawshaak**, **Project Sahajsmita**, and **Project Swarnkriti**—to a wider audience and display the eco-friendly, handcrafted products developed under each initiative.

A team of dedicated Enactus volunteers arrived at the venue by **10:00 AM**, promptly began setting up the stall, and ensured everything was well-organized and visually appealing. The stall showcased a vibrant collection of products created as part of our projects. These included **jute bags, dog clothes and accessories, decorative and reusable files and folders**, and **eco-friendly bamboo brushes and combs**.

Throughout the day, the stall attracted a good footfall, with many students and faculty members stopping by to learn about our projects, interact with our volunteers, and make purchases. The team actively engaged with the visitors, explaining the objectives and impact of each initiative.

By the end of the event, the team recorded **sales worth ₹1,000**, marking a small yet encouraging step in our efforts to sustain the projects through community-driven support. The event served as an excellent platform for visibility, awareness, and outreach, allowing us to connect with like-minded individuals and potential collaborators.

Overall, the stall setup at Bharatiya Vidyapeeth College of Engineering was a successful initiative, and we look forward to participating in similar events in the future to expand the reach and impact of Enactus SLC's work.
