REPORT ON

FILMATHON: RAM LAL ANAND COLLEGE (7th November 2023)

Our second step in this fabulous journey was the Filmathon at Ram Lal Anand College, where Falcon Films delved into the intricacies of mise en scène, exploring the visual elements that contribute to storytelling. The team aimed to create a visually compelling narrative that would leave a lasting impact on the audience.

Through our short film, we presented a story that provided closure while also leaving room for emotional resonance and reflection. The narrative focused on the journey of a surviving friend grappling with the reality of their loss, navigating through the stages of grief. Each scene was crafted to capture the depth of their emotions and the complexities of their experience.

The film showcased a series of poignant scenes that highlighted the emotional journey undertaken by the protagonist. From moments of despair to glimmers of hope, we depicted the various stages of grief with sensitivity and authenticity. This project allowed Falcon Films to push the boundaries of our storytelling and continue to grow as filmmakers.
